

MIRCA BOOK PROJECT PLANET EARTH PLANET ART

A book about Art and our Environment...

PLANET EARTH, PLANET ART is a planned new book to be released by Mirca Art, through blurb.com featuring art works which have a strong focus on protecting the environment, climate change, responsible and sustainable living practices, as well as simply expressing the beauty and nature of our planet.

The book is intended to be sold with all proceeds going to FRIENDS OF THE EARTH INTERNATIONAL.

Like the previous book, each artist will have a page with their art and some text which responds to the 'Planet Earth' theme or narrate their art work, along with their picture and website.

The book is going to be in Landscape format – 10 x 8 inches or 25 x 20 cm – and so landscape- oriented work or square pieces are favored. Publication is intended to be in October or November 2009... (...)"
